

INDUSTRIAL MECHANIC / MILLWRIGHT: Immediate opening for long-term, full-time position at an industrial manufacturing company undergoing significant growth.

ABOUT SMC: Founded in 1979, SMC Industries, Inc. is a leading and innovative manufacturer of industrial insulation systems located in Houston, TX. SMC's 40-plus years of business have been guided by the principle of applying innovation to achieve the highest quality product for the lowest cost and offering genuine customer service that shares our clients' goal of project success.

We believe that every employee contributes directly to SMC's growth and success where we all take pride in being a member of a great team. For more information on SMC Industries, please visit smcindustries.com

POSITION OVERVIEW: This position is for an experienced Industrial Mechanic/Millwright looking to play an integral part in expanding an industrial manufacturing company. Using your skill and expertise, you will work as part of small teams on exciting and challenging projects, troubleshooting, commissioning, and maintaining advanced equipment and machinery.

Reports to: Lead Industrial Mechanic/Millwright

COMPENSATION: This position offers competitive wages (\$22 to \$28 per hour, or commensurate with experience) along with a strong benefit package, including PTO, company-paid health & dental, 401k, life insurance, and profit sharing. The hours are typically 6am-2:30pm, Monday-Friday.

REQUIREMENTS & QUALIFICATIONS:

- Ability to read and interpret diagrams and schematics
- Fabrication skills, including welding
- Basic understanding of electrical concepts and schematics
- Skilled at building, commissioning, troubleshooting, and maintaining industrial machinery
- Skilled at problem solving: able to evaluate problems and plan and execute expeditious solutions
- Excellent communication, organization, and interpersonal skills
- Ability to work well with teams in a fast-paced environment
- High School Diploma, 2-year technical degree or apprenticeship, 3-5 years' experience as an industrial mechanic, millwright, or maintenance technician

RESPONSIBILITIES:

- Fabrication, assembly, and construction of new machinery and equipment
- Build, maintain, and troubleshoot manufacturing equipment including hydraulics, pneumatics, conveyor systems, rotary mixers, bucket elevators, and batch ovens
- Routine and preventative maintenance work on industrial machinery and equipment

- Plan and execute tasks with the Mechanic Team, working self-sufficiently while also acting as part of a team
- Maintain maintenance records, inspection reports, and processing of work orders

LOCATION: Houston, TX (Channelview)

TO APPLY: Please email résumé to jobs@smcindustries.com (please include "Mechanic" in the subject line). Qualified applicants will be contacted by phone or email to take a math aptitude test and complete our standard application.

SMC Industries, Inc. is an equal opportunity employer. Qualified applicants will receive consideration for employment without regard to age, race, ethnicity, national origin, religion, sex, gender identity, sexual orientation, ability, familial status, veteran status or any other status protected by applicable law.
